

# Evidence-Based Practice Review

## Elevating Outcomes Through Evidence-Based Practices

The **Benchmark Blueprint** is a powerful differentiator for loss control within the law enforcement environment, by helping agencies of all sizes:

- Maintain the safety of its officers
- Ensure the well-being of its citizens
- Reduce rising claim costs

We harness proprietary research and data analytics to identify which agency practices show **strong statistical correlation** to reduce incidents after deployment. These **Evidence-Based Practices** are directly related to reduced frequency and severity of officer injuries and incidents leading to claims payments.

### PART 1

## Agency Completes Survey

### DEMO: Evidence-Based Practices Survey

#### Patrol and Operations

Your agency receives customized access to Benchmark's **Evidence-Based Practices** research. This program spans over 550 law enforcement agencies around the United States analyzing claims patterns for over 16,000 policy years. The result is a customized report identifying programs or practices your command staff can consider which show strong statistical evidence of reducing officer injuries and agency claims.

To get started, please complete this survey about your agency. We will follow-up with a 90-minute briefing for command staff to share our research and discuss any recommendations.
